REVIEWOFLITERATURE

Maruti Suzuki is a leading automobile manufacturer in India and has a significant market share in the passengervehicle segment. The satisfaction of consumers is a critical factor that determines the success of any company, and Maruti Suzuki has recognized this importance by placing a strong emphasis on customer satisfaction. This eview examines the research conducted on the analysis of consumer satisfaction of Maruti Suzuki in NagpurCity.

Singh and Srivatava (2013)study showed various s factors affecting customer satisfaction towards MarutiSuzuki.Measuringcustomersatisfactionprovidesanindicationofhowsuccessfultheorganizationisatproviding products or services to the marketplace. It conducted that satisfaction levels for pricing attributes(such as Car price, discounts and service charges) are generally lower than product related attributes. Parthianand Rajendran (2014) study was carried on customer preference toward Maruti Suzuki. This study was tounderstand the mind of customers whether they was eager and satisfied to handle. Even though most of thecustomers were satisfied with present model and service, few customers were not satisfied about the facilitiesprovided by the car. If the Maruti car service providers give enough attention regarding this, they can ensure alargelevel ofcustomerpreference.

Severalstudieshavebeenconductedonthefactorsinfluencingconsumersatisfactionintheautomotiveindustry. According to a study by Rust and Oliver (1994), customer satisfaction is determined by the quality of the product or service, the performance of the product or service, and the after-sales service. Another study by CroninandTaylor(1992)foundthattheafter-salesservicehasamoresignificantimpactoncustomersatisfactionthanthequalityoftheproductorservice.

A number of studies have been conducted to determine the level of customer satisfaction of Maruti Suzuki inNagpur City. In a study conducted by Jain, et al. (2016), it was found that the overall customer satisfaction withMaruti Suzuki in Nagpur City was high, with a mean score of 7.06 out of 10. It was also found that customerswere most satisfied with the company's service, followed by product quality and price. Thestudy also foundthatcustomerswereleastsatisfied withthecompany'ssales and after-sales service.

In a study conducted by Patel and Modi (2018), the authors assessed the level of customer satisfaction towardsMaruti Suzuki vehicles in Nagpur City. The study found that the majority of the customers were highly satisfied with the performance and features of Maruti Suzuki vehicles, and they were also satisfied with the after-salesservicesprovided by the company.

InasimilarstudyconductedbySinghandSharma(2020),theauthorsevaluatedthefactorsinfluencingcustomer satisfaction towards Maruti Suzuki in Nagpur City. The study found that the most significant factorsinfluencingcustomersatisfactionweretheproductquality,after-salesservices,andthedealershipexperience.

Furthermore, a study conducted by Trivedi and Patel (2019) examined the relationship between customersatisfaction and loyalty towards Maruti Suzuki in Nagpur City. The study found that customer satisfactionsignificantly influences loyalty towards the brand, and the customers who were highly satisfied with the brandweremore likely torepurchaseaMarutiSuzukivehicle.

In summary, the literature suggests that customer satisfaction is a critical factor that influences the success of Maruti Suzuki in Nagpur City. The factors that influence customer satisfaction include product quality, aftersalesservices, and the dealership experience. Furthermore, customer satisfaction significantly influences loyal ty towards the brand, and highly satisfied customers are more likely to repurchase a Maruti Suzuki vehicle.
