

# RETRACTION NOTICE

Date: 08-04-2026

## Permanent Removal Notice

The article titled "**Survey Paper on Agri360 – AI Powered Smart Agriculture and Farmer Support System**", published in Volume 09, Issue 10 (October 2025) of the International Journal of Scientific Research in Engineering and Management (IJSREM), has been formally retracted.

This action has been taken following concerns related to intellectual property raised after publication. In accordance with the journal's editorial policies and publication ethics, the article has been removed from public access, and the DOI record has been updated to reflect this retraction.

The journal remains committed to maintaining the integrity of the scholarly record and upholding ethical publishing standards.

Paper ID: IJSREM53407  
Status: Retracted
