

## “The Sarahu Bio Medicine Specialized Treatments”

Author: Sarahu Nagarazan

Department: Bio Medicine and Medical Engineering Research Area

Research Type: Bio Medicine Research Article and Solution of Medicine and Cases Study

Institute: Sarahu International Space and Bio Research Administration©

Designation: Physicist, Astronomer, Psychologist, Geologist and Biologist

Country: India

### Abstract:

Human life itself is a extent of living being. Similar to human life other extents to living beings. But probably human life genes emergence when compare to other living beings it is giving highest negative impact is seen. But it not giving negative impact on human types. That means genes behavior human beings others living beings intelligent human being, micro cells, bacteria's are not accepted. It means other living beings couldn't accept has human beings as intelligent. The same conceptions physically moment of living beings fight on human beings. Living beings are micro bacteria's are live on life. The life of living beings in different, different natural calamity on human beings. The chances of escaping by this by humans is very less. Living beings and infections in form between natures different form divides. Human life to understand to living beings and infections family panchabhoots has to find out a way to correct. Otherwise human who's life chemically destroys himself chemically his life. For a chemical life chemical living beings, allergies and new diseases emerge. For the birth of new viruses (living beings) man himself becomes a creator. And his activities are cause for infections. Viruses and living beings they are have their micro language. Based on this language they have acquired all over the world. This language is called by “Sarahu 19, 20”. Otherwise cough, fever, cold they have their own micro language and code. With the help of that language and code they live and behave. This code called by “19\_sarahu<sup>2</sup>”. 19 is 2019 year, 'square' symbol is combination of living and non living viruses. And denotes 'sarahu<sup>2</sup>' the combination of living beings viruses and non viruses.

**Project 01: “To human beings Infections and allergies how they attack his indicated here.”**

**Description: By birth itself infections or allergies are seen. His mothers behavior or fathers behavior these allergies and infections are attacked.**

- The reason of our mother and father are known for their knowledge. But they do not give clear reasons.
- Rahu dasha, Ketu Dasha and Budha Dasha may be reasons for the infections for any living being. For this have made so many investigations continuously for 15 years and I have studied completely.
- In the human body naturally cells some obstacles arise or problems arise out of water or by the food habits, climate or due to dust or cloths we were or from jewels infections and allergies are born.
- Often naturally by water, dust, food, apart from insects in human body changes due to weather viruses are born. Infection caused. In this time white blood cells number decreases. That means viruses fight with white blood cells. Then white blood cells will defeat. Then naturally in the body of man humanity power goes on decreasing. Then fever, Typhoid, allergy, cold, headache start appear very often.
- Viruses emerge from air. From air allergies and infections are born and attack on human beings.
- From fire also allergies and infections attack on human beings.
- Allergy from water, infections attack on human beings.
- Allergy, infections from five basic elements are born and attack on human beings. They are as dangerous as favorable.
- Even allergies, infections from amebas are born grown and attack on human beings.

**Conclusive:** Apart from human being probably five basic elements other living beings no problems is seen. Because apart from human being all other beings and types are made-up and understood five elements. They are all using these five elements successfully.

Ants and insects exists where there is sweet. Where there is profane, insects, mosquitoes exist. That means it is not a proof of un cleanness infections, allergies, viruses are not born and attack on human. This allergies, viruses and infections are born to where there is sweet.

There are enough types in insects and mosquitoes. To tell concretely human being is attacked by insects and mosquitoes is difficult; there are insects and mosquitoes in sweetener, sweetener insects and sweetener mosquitoes. In common sweetener mosquitoes and sweetener insects from allergies and infections and fever diseases will attack.

- Diabetes
- Severe cold and headache
- Sleeping/Sleepy feeling
- Hand foot cramps/ Pain
- Increased vomiting and fecal urination
- Going for less meals
- Strange dreams and sleeplessness while sleeping
- Itching and wounds
- Etc

Common insects and mosquitoes attacked human being and diseases as follows. In common if they attack sometimes nothing will happen. Sometimes giddiness, small pimples disappear instantly, infection of body. Often symptoms of pain appear and disappear. Sometimes if there is less humanity power due to in white blood cells difference appears fever in day time and mid night, along with headache. But, sometimes there will be nothing. But from sweetener mosquitoes and sweetener insects there will be definitely symptoms above things happen.

### **Solution and Medicine:**

01. Every day you have to take both in hot water and during taking both squeeze one lemon juice to the water.
02. Once in a week squeeze lemon juice into hot water mix and add vicks or Juandu bomb and then take both.
03. Mix dalda means Vanaspati (basil leaves, lemon leaves, mango leaves, neem leaves etc) to cold water once in two weeks before taking both.
04. Reduce use of Allopathic tablets and treatments.
05. Don't go for a deep sleep. Sleep only for normal period.
06. Getting food on time.
07. Developing positive emotions.
08. Do not use the compulsive bed while sleeping and do not use pan.
09. Don't cover your nose fully while sleeping.
10. Consuming hot substances/don't consume alcohol

## Solution and Medicine through Spiritual:

- *Wearing black (Dark) clothes every Monday*
- *Getting the darshan of Shree Naga and Naga devatha God every Monday*
- *Every Monday there is a round of Peepal Tree*
- *Making planetary peace every six months*
- *Getting to smell of Camphor (Karpoor) every Monday*
- *Bathing the Teertha River (Holy River – Holy Bathing) every year*

\*\*\*

## Project 02: “Differentiate between live and non live viruses, and there work and working area”

**Description:** Probably if live viruses attack on human being and that time for the weal position of the body pains, vomiting, headache, allergies erupt. But lifeless from non viruses are rare symptoms appearance of above symptoms are rare. Non viruses have capacity of after attacking ten minutes, twenty minutes and thirty minutes. But live viruses have got capacity to attack till they end.

We consider the nuclear as live. Or to be considered. Even we should consider the planets as lives. Even we should consider the waves and lives. The frog shell is living being, sponge is living being are considered as earlier living beings. In sea there so many such type living shells. But we cannot believe them as living beings. Really there are living shells. Probably in living shells where we do not believe such living shells there are viruses partly. And due to natural calamity viruses spread.

**Conclusive:** from waves, nuclear, technology, borewells, mobiles, towers, vehicles, carbon monoxide and present happenings it is created lifeless viruses or born. Lifeless viruses powerfully attack more severely than living viruses. But they have an end. Live viruses have no immediate end. Such types of endless viruses and dying viruses are explained here. Live viruses are created in ten million in per minute. But non living viruses produce ten crores per minutes. They make negative effect on man and panchabhootas.

## Function of living Viruses:

- *Sucking man's blood.*

- *Production and increase of their family and offspring.*
- *Fill their stomach.*
- *Live in white and red blood cells.*
- *Create Headache.*
- *Asthma, sputum and vomiting.*
- *Typhoid, fever, malaria and dengue.*
- *Etc and disease which can't be cured immediate.*

### **Function of Inactive Viruses:**

- *Dries the human blood cells.*
- *Symptoms of diseases which are cured fast.*
- *The fog is overflowing.*
- *To become drowsy.*
- *Increase if bacteria's is reduced.*
- *Lowness Creativity*
- *Vomiting, mild fever*
- *Cold, cough and intermittent gum disease (The Epidemic)*
- *Etc*

### **Solution and Medicine:**

01. *Taking both everyday and adding few drops of lemon.*
02. *Drinking of raw ginger decotion.*
03. *Eating hot foods.*
04. *Stop drinking coffee and tea.*
05. *Once in a week squeeze lemon juice into hot water mix and add vicks or Juandu bomb and then take both.*
06. *Mix dalda means Vanaspati (basil leaves, lemon leaves, mango leaves, neem leaves etc) to cold water once in two weeks before taking both.*
07. *Deep sleep.*
08. *Drink time to time porridge.*
09. *Develop positive thinking.*
10. *Don't use fan while sleeping compulsory.*

### **Solution and Medicine through Spiritual:**

- *In hale camphor smell every Monday.*

\*\*\*

### Project 03: Ho can viruses can be created? Can we make them artificially?

Viruses: Living or Not?		
Viruses and Cells		
Characteristic	Virus	Cell
Structure	DNA or RNA core, capsid 	Cell membrane, cytoplasm; eukaryotes also contain nucleus and organelles 
Reproduction	only within a host cell	independent cell division either asexually or sexually
Genetic Code	DNA or RNA	DNA
Growth and Development	no	yes; in multicellular organisms, cells increase in number and differentiate
Obtain and Use Energy	no	yes
Response to Environment	no	yes
Change Over Time	yes	yes

**Description:** Artificial viruses’ means lifeless viruses in common pigs, hen, area in which fish live and in and around such places emerge. In common in and around eating places and attack on those who consume. In such time such peoples from the attack of different viruses and different types of diseases and un identifiable diseases and become culprits. Partly Covid 19 attacks those who consume fish, egg; hens these people are being attacked. From the year 2020 march to June according to the research done Covid 19 or other viruses attacked that to continuously from last 5 years where fish, egg and mutton are available or who those eat disgust and viruses are being created in meat eaters. Places where too much dirty and continuously infections, and those who succumb to diabetes viruses attacked.

#### Attack of Viruses:

- *In this with fewer white blood cells.*
- *In those with high red blood cells.*
- *For those who are too hard.*
- *For the very sick (Patients).*
- *For adults.*
- *For young children.*
- *Even for animal birds.*

**Conclusive:** Who are artificially made viruses also show above symptoms. But it does not differentiate dirty and holy places. But from running technology, and those who use present technology means tower, mobile etc.

\*\*\*

#### Project 04:

- 1. What is the object of manmade viruses? And what is their capacity? And what is their life?**

- *Reduction of white blood cells.*
- *Increase of red blood cells.*
- *Those who are fat and strong will be attacked suddenly.*
- *Those who become repeatedly to the patient headache and make mild.*
- *For adults who create to new quickly new diseases like diabetes and etc.*
- *Children are who make peeing and pissing very upon and succumb to death.*
- *Sever fever and sputum.*
- *Breast milk infection of arrow.*
- *Eating reduction of taking meals.*

**Its life:** Its life minimum of one week, two week, one month, three months, six months and one year. In case more than one year viruses work progress on becoming mild. And naturally goes and decreasing.

## 01. **What is the interest of natural viruses? And what is the interest of artificial viruses?**

- *Sucking of human blood.*
- *Increasing of its offspring and family.*
- *Feeling of stomach.*
- *Leave in white and red blood cells.*
- *Giving headache.*
- *Asthma, sputum, and vomiting sensation.*
- *Typhoid, fever, malaria and dengue diseases.*
- *Etc and other symptoms of very slow curing.*
- *Because these are their food.*

**Interest of Artificially Viruses:** Searching of suitable place and after settling their attacking very fast, whatever may be animal or bird; artificial viruses attack similar to snake, rat and eagle. When attacked artificial viruses to human beings following are the observations.

- *Drying of man's blood cells.*
- *Early curable disease symptoms.*
- *The fog is overflowing.*
- *Drowsiness.*
- *Reduction of bacteria's growth.*
- *Reduction of creativity.*
- *Vomiting and light fever.*
- *No knowledge of Cold, coughs, and related gum diseases. And their own language and find their life and die at last.*

**01. Malaria, Dengue, Plague and other infection diseases basically viruses? Or they are similar to Covid?**

- *Yes. Basically Malaria, Dengue, Plague and other infection diseases are viruses. And they are similar to Covid.*

**02. What are the major steps of Living and non living Viruses?**

- *Killing of live animal beings life squeezing, harassment and fill it stomach.*
- *To augment his kingdom in his own subtle language.*
- *Live like a king.*

**03. Does it possible Covid is similar to Typhoid?**

- *Yes.*

**04. How many times Typhoid attacks a man? And is it deadly disease?**

- *Any times more than three times.*
- *It is a deadly disease.*

**05. How does Typhoid attacks? Is the disease possible for everyone?**

- *There are symptoms of this disease in everyone.*

- *Everybody desires this disease.*
- *The disease touches on the before dying of man*
- *Almost of the water is a cause by the disease.*
- *After consuming food.*
- *From cold drinks afterwards.*
- *From mosquitoes.*
- *From viruses and infections.*
- *From frequently cold.*
- *From frequently allergies.*
- *By sweet body holders.*
- *Frequently from the attacks of sweet chrome insects.*
- *From dusts.*
- *From excessive stress and worry.*
- *Water in the eye.*
- *Bitter symptoms in the tongue.*
- *Pain of the knees.*
- *Cold is a rare occurrence.*
- *Not feeling to take food.*

### **Solution and Medicine through Spiritual:**

- *Drinking daily Jeer decoction at 05 o clock in the day.*
- *Daily morning eat lemon with jeer.*
- *Daily morning eat Bilva Leaves.*

\*\*\*

### **Project 05:**

#### **Practical Experiment and Case Study:**

*Any natural calamity or unless they come into contact often cold and allergies, fevers here are followings experiments made on such peoples.*

## “Living and non living viruses are given below”

### 01 - Practical Experiment and study:

**Living viruses: 01.** Were attacking on a woman a ‘Shilpa’ often she suffered from cold, typhoid, headache, vomiting, body ailment, and leg and hand pains. Every month and every 15 days and daily above symptoms were found on above woman.

**Non Living viruses: 02.** ‘Shilpa’ suffered from weakness, vomiting, headache, physical ailments, disgust, depression, cough, typhoid, quickly fever were seen on this woman on every month, every 15 days and every day above symptoms were found on above woman.

### 02 - Practical Experiment and study:

**Living viruses: 01.** Were attacking on a woman a ‘Vinanti’ often she suffered from cold, typhoid, headache, vomiting, body ailment, and leg and hand pains. Every month and every 15 days and daily above symptoms were found on above woman.

**Non Living viruses: 02.** ‘Vinanti’ suffered from weakness, vomiting, headache, physical ailments, disgust, depression, cough, typhoid, quickly fever were seen on this woman on every month, every 15 days and every day above symptoms were found on above woman.

### 03 - Practical Experiment and study:

**Living viruses: 01.** Were attacking on me often I suffered from cold, typhoid, headache, vomiting, body ailment, and leg and hand pains. Every month and every 15 days and daily above symptoms were found on above on me.

**Non Living viruses: 02.** I suffered from weakness, vomiting, headache, physical ailments, disgust, depression, cough, typhoid, quickly fever were seen on me on every month, every 15 days and every day above symptoms were found on above on me.

\*\*\*

### Project 06:

**From eating sour foods infections and viruses were seen reducing list of following sour foods:**

01. Green lemon – 9.10 php
02. Yellow lemon – 8.4 php
03. Avocado – 15.8 php
04. Mango – 8.09 php
05. Tangerine – 08.07 php
06. Ananias – 12.08 php
07. Orange – 09.03 php
08. Watercress – 22.09 php
09. Mozambique – 09.03 php
10. Gooseberry
11. Jungle Gooseberry
12. Pickles
13. Etc

\*\*\*

### **Project 07:**

**Following method of by eating following sour foods infections and viruses cure:**

- Covid 19
- Malaria
- Dengue
- And etc

\*\*\*

### **Project 08:**

**Advance majors to be taken to avoid important Infections and Viruses:**

- Take injection dengue and malaria before weekly once.
- Take malaria and dengue tablets daily three times.
- Or taking tablets and injection having less dosage.
- After every two days add lemon leaves or lemon juice to hot water before taking both.
- Drink daily and weekly the Neem leaves decoction.
- Instead of taking Coffee or Tea take lemon leaves tea or lemon juice Tea.
- Drink Jeer or Ginger decoction once in a week.

\*\*\*

## Project 09:

### Diseases naturally cured without Treatments:

01. *Cold and cough*
02. *Headache*
03. *Leg and hands pains*
04. *Acidity*
05. *Pain in eyes and their Symptoms*
06. *Small skin diseases*
07. *Mentally distracted and Depression*

\*\*\*

## Project 10:

### Diseases which require compulsory Treatments

01. *Fever*
02. *Quickly Acidity*
03. *Quickly Skin problems*
04. *Cancer*
05. *Diabetes*
06. *Blood pressure (B.P)*
07. *Heart attacks*
08. *Brain tumors*
09. *Pneumonia*
10. *And etc*

\*\*\*

## Project 11:

### Diseases caused by eating sweet foods

01. *Sugar or diabetes*
02. *Cold and cough*
03. *Sputum codification*
04. *Asthma*
05. *Pain hands and legs*
06. *Depression*
07. *Tiredness and fatigue*

\*\*\*

## Project 12:

### Benefits of sour foods:

01. *Controlled Fever*
02. *Controlled Diabetes*
03. *Controlled Blood pressure*
04. *Controlled Asthma*
05. *Controlled Depression*
06. *Controlled Tiredness and Fatigue*

\*\*\*

**Note:** *By following above if there is increase or decrease or if you facing adverse effects daily, and the problem persist and do not improve problem such problems at last from the beginning of the day for three months continues. On any day of three months man faces opposite viruses problem. He will be unhealthy for three months.*

### All Research Concepts Conclusive:

Living and non living, malaria, dengue, plague, Covid 19 and such other diseases, viruses have their own micro languages. And they manage and work according to their own micro language. That micro language is called as "Sarahu 19, 20". Otherwise cough, fever, cold they have their own micro language and code. With the help of that language and code they live and behave. This code called by "19\_sarahu<sup>2</sup>". 19 is 2019 year, 'square' symbol is combination of living and non living viruses. And denotes 'sarahu<sup>2</sup>' the combination of living beings viruses and non viruses.

\*\*\*
